

Digital distribution with ZERO up-front costs & NO recurring yearly fees! *

Your music is important. You've spent a lot of time, money and effort creating your art. Now you're left with a limited budget for marketing. At CLG, we're sensitive to the challenges facing indie artists and labels.

CLG Distribution gets your music out there to the essential digital retailers around the world, as well as to some specialty destinations not normally covered by most digital distributors.

We also market your title to key digital retailers like iTunes, Amazon and others. We have a great track record of landing special placement on behalf of our clients. These would include locations like the "New & Noteworthy" and "What We're Listening To" sections on iTunes, etc.

** Companies marked with an asterisk are selective in what they ingest, so not all titles are guaranteed to be on these sites.

In addition to the digital and ringtone retailers listed above, we make each Christian title available at over 500 physical Christian retail sites around the country (including the entire LifeWay Christian Stores chain) through in-store kiosks. These kiosks allow customers to browse the catalog by name, genre, etc., and transfer MP3s to their own flash drive, burn MP3s to a data CD, or burn the album directly to CD in standard CD format. The customers can even print artwork for the CD on the spot. In this way, each title is "virtually" in stock at over 500 Christian retail sites (and growing) across the country.

* Essential Plan only. Add online physical distribution of your album for a one-time fee of \$29.95
