

# The Christmas Lights DVD

Dazzling House Displays

## SYNOPSIS :

The tradition of decorating homes with Christmas lights began when European Christians began displaying a burning candle in their house that was visible from outside. The candles in the windows indicated to other Christians that the house was a Christian household and that other Christians were welcome to come worship with the residents. The burning display also symbolized the fact that Jesus Christ, the Light of the World, had come to save the souls of mankind.

This Christmas tradition has withstood the test of time and brings joy to both those who erect the displays and those who witness the wonder of the Christmas story on parade through colorful lights and fanciful displays. On The Christmas Lights DVD: Dazzling House Displays, more than an hour of dazzling and amazing Christmas light displays are documented in crystal clear quality. Filmed in High Definition, views of houses, lawns and buildings covered in lights are featured throughout the DVD backed by a soundtrack of classic Christmas songs in various styles. Choose the style of music you most enjoy (Jazz or Country), hit play, sit back and get the feeling that you're driving through the neighborhood without actually leaving the house. Bring the joy of Christmas home on DVD to share with your family this Christmas season.
