The Story

Since the 2005 release of Jon Bauer's award winning debut CD *Life of Worship*, Canadian worship leader and recording artist based in Edmonton, Alberta has been on tour with a message of encouragement to the church to live out their worship unto God. With his teaching background, Jon has opened up his ministry from the classroom to reach into the hearts of tens of thousands of people in the church of North America. Ministering and teaching on worship full time across North America, Jon's mission is to break through the notion that worship is not only a song that we sing... it's a lifestyle that we live, one that reaches out to a hurting world. This fall Jon returns with his new CD *Surround* in stores October 30th, 2007. This ten track recording features nine new songs as well as an original arrangement of the classic hymn *Holy, Holy, Holy*. Jon's music reaches a wide demographic group and his new album is powerful on both a personal and corporate level of reflective worship.
