Plumblineline formed in the Fall of 1998, from a group of young men who love the King of Creation, love worshipping Him, and love communicating His truth through music. Plumblineline's Southern California based style of alternative rock-worship music appeals to a generation that desires to worship, and they bring their excitement and love for God through their music and live performances.

Fiercely independent and reverently focused, the men of this band have taken an atypical path. Plumblineline has sold over 32,000 albums and played over 700 shows across the US and internationally. They have self-produced and released four projects: *Louder Than the World: Burn II* (2006), *Burn* (2003), *Freedom to Move* (2002), and *LIVE: Worship* (2001).

Their latest CD, the ten-song worship album *Recollection*, will be available both digitally and in retail stores nationwide. This album looks to bring its listeners on a journey with such worthy and uplifting songs such as "This Is A Song of Hope," and humbling melodic tracks like "Let Me Drown." Come join Plumblineline on this journey.
