### About Sara

Sara Renner has been touring the United States as a solo artist since 2001. She is often accompanied by her dynamic band "The Elements" whose talents can also be heard on her latest CD, "Elements of the Journey". Sara Renner & the Elements perform regularly in their hometown of Minneapolis, MN but have also traveled across the United States and are building a national reputation. Sara tours each summer with Grammy-nominated Gospel sensation Excelsior in addition to singing background vocals for Christian pop artist Peder Eide. To further reflect her diverse musical influence, she regularly leads worship at the South Carolina & Kentucky Southern Baptist pastors retreat with the dB Network Band.

Sara Renner is an independent recording artist whose grassroots efforts have gained her growing national and even international recognition and respect. "Elements of the Journey" has also been recently released in the countries of Singapore, Malaysia and South Africa.

Sara refers to "Elements of the Journey" as her "favorite child". In a recent review, GospelFlava.com says this CD "is a wonderful trip, with instrumentation, vocal arrangements, vocals, and songwriting being top notch and innovative". Don't miss your chance to discover Sara Renner!
