SUMMERTIME DROPOUTS

Rewind

On its **Voluminous Records** debut album entitled *Rewind*, Minneapolis-based Pop Punk band **Summertime Dropouts** has crafted an indelible collection of songs which transport the listener on a trip down memory lane to a time when life was much simpler and carefree, far removed from the burdens of a complex world.

From a musical perspective, the band draws from the inspiration of bands like **All-American Rejects**, **Boys Like Girls**, **Blink-182** and **Sum 41** to create a musical masterpiece brimming with pure pop punk magic.

Executive Producer **Clint Gibbs**, who has been involved with a string of commercially successful songs from big-name artists, states, "their skill and dedication to the music is on par with the 'A' crop of major label acts. After hearing the Summertime demos I knew they had a great record ahead of them."

As a newly formed band, the members are anything but wet behind the ears. Each member has vast touring experience as a member of another band. Lead vocalist Dave Erickson recently fronted the Christian Hard Rock band FADES AWAY. North American touring in 2012 will be a key driver of the campaign along with a focus on innovative viral video content.
