BIOGRAPHY :

Verbal Contact is a Christian Rap Duo which ministers the word of God—reaching many lost souls and a solid choice to many Christians who struggle with secular rap music. The goal of Verbal Contact is to provide strong, street-wise Christian rap music that praises the name of Jesus Christ. They have won **Holy Hip-Hop Group of the Year** at the **King Cat Christian Music Awards** for 2008 and 2009, and have been ministering and performing all over the U.S. at festivals, churches, community outreach events, public schools, award ceremonies, and many other places.

Verbal Contact's new CD titled *Alter Call* is a very unique CD with an emphasis on strong messages from the Bible. The diversity of the tracks reach many different types of modes. The standout tracks being pushed are "**Gotta New Friend**," a song with a strong west coast vibe; "**Into My Life**," a slow praise song with testimonies giving Jesus the praise; "**Riders of Christ**," a song with a combination of rock & hip-hop reaching Christian kids similar to RUN DMC's cover of Aerosmith's "Walk This Way"; and "**Bless our Nation**," a southern style song asking God to watch over us in these end times. *Alter Call* is a Christian CD that will enlighten listeners in many ways praising God.
